

# JBMPS Ltd Green Policy

---

## 1.1 Our Responsibility:

JBMPS Ltd recognises that it has a responsibility to the environment beyond legal and regulatory requirements. We are committed to reducing our environmental impact and are continually improving our environmental performance as an integral part of our business strategy and operating methods.

Whilst all green topics are brought up in townhall meetings due to every employee being responsible to try and reduce our footprint, James Malin, Director, is responsible for ensuring that this environmental policy is implemented.

## 2.1 Policy aims:

We are committed to:

- ✿ Comply with all relevant regulatory requirements
- ✿ Continually improve and monitor environmental performance
- ✿ Continually improve and reduce environmental impacts
- ✿ Incorporate environmental factors into business decisions
- ✿ Increase Energy awareness
- ✿ Applying for External audits annually.

## 3.1 Green & Environmental Scope areas

To ensure that JBMPS Ltd can make improvements we have defined a scope where we believe we can have the most impact on our footprint.

## 3.2 Energy & Water Use

We will:

- ✿ Ensure that all continuous use lighting is energy efficient LED lighting
- ✿ Ensure that all lights and taps are switched off when not in use
- ✿ Ensure that water is used efficiently and that pipes are checked for leaks regularly

## 3.3 Workshop Equipment

We will:

- ✿ Ensure that all workshop equipment is turned off when not in use (unless required to be on for safety reasons)
- ✿ Ensure that equipment is checked on regularly to ensure the efficiency
- ✿ Ensure that when new equipment is brought that green due diligence is completed to ensure that we are making both a productive choice and a green one.
- ✿ Ensure that when cleaning any workshop equipment that the bi-products are disposed off in the correct manner.

### **3.4 Office Supplies & Packaging**

We will:

- ✿ Ensure that Paper use is reduced by using computers for digital storage where possible
- ✿ Ensure that new equipment brought is energy efficient.

### **3.5 Transport**

We will:

- ✿ Ensure that buying, where possible, is done in batch to reduce the need for transport waste
- ✿ Recycle packaging where possible.
- ✿ When using freight companies try to batch orders to reduce the amount of transport required.
- ✿ Reduce the number of flights needed for meetings where possible and try to use more web-based meetings

### **3.6 Recycling**

We will:

- ✿ Ensure that materials are recycled where possible

### **3.7 Oils and Hazardous materials**

We will:

- ✿ Ensure that materials are stored in line with government legislation
- ✿ Ensure that an approved company removes waste oils and other hazardous materials correctly.
- ✿ Aim to reduce the amount of oils and hazardous materials used where possible.
